Subcontract Requisition and Purchase Order Amendment

Initiating a Requisition for a Subcontract

Procedure

After the subaward initiation documents have been provided to SPS SubAwards and a partially signed subaward agreement has been obtained, the SPS SubAwards Team will direct you to initiate a Requisition.

Note: If the SPS SubAwards Team has not directed you to initiate the requisition, please refer to the Research Gateway (<u>http://rgw.arizona.edu/administration/subawards/</u><u>subaward-initiation-and-setup</u>) website for instructions on initiating a subaward and the list of required documents prior to initiating the requisition.

In this tutorial you will learn how to create a requisition to pay a subcontractor.

Step	Action
1.	This tutorial focuses on the specific steps you must follow to use a Requisition to pay for subcontracts.
	To create a Requisition, go to Main Menu > Transactions > Purchasing > Requisition . In this tutorial the Requisition e-doc has already been opened for you.
	To review how to create a Requisition, view the <i>Purchasing > Creating a Requisition > Purchasing Goods Using a Requisition</i> tutorial before beginning this one.

2.	When you are paying for a subcontract, you should fill out the tabs of the Requisition in the same way you would for purchasing services. There are only a few exceptions, the first being the Description field in the Document Overview tab. Click the show button. ▶ show
3.	Sponsored Projects Services (<u>http://rgw.arizona.edu/services/sponsored-projects-services</u>) (SPS) suggests you use the following format in the Description field: Subaward to (entity); Account xxxxxx.

Step	Action
4.	Another exception is the Payment Request Positive Approval Required box. This box must be checked in requisitions for subcontracts.
	onex the ruyment request rushive Approval required checkbox.
5.	Click the hide button.

Step	Action
13.	Click the add button.
14.	If the total of the subcontract is \$25,000 or less, you will have only one item line.
	In those cases, your next task would be to add accounting information.
15.	However, in this tutorial the total of the subcontract is \$150,000. You must enter the remaining \$125,000 in a separate item line. So instead of dealing with the accounting line next, go ahead and add the second item line. Click the Item Type drop-down list.
16.	Note: In reality, you do not have to add both item lines before dealing with the first accounting line. Click the SERVICE TAX EXEMPT list item. SERVICE TAX EXEMPT
17.	Enter "from 1/4/14 to 9/30/14." in the Description field.

Step	Action
18.	Remember, you must enter any amount over the initial \$25,000 in the second item line. Since the total for this tutorial is \$150,000, enter the remaining \$125,000 in the Unit Cost field.
	Enter "125000" in the Unit Cost field.

27.	Note: The steps for completing the rest of the Requisition such as Delivery and Vendor information have been skipped in this tutorial. Please review the Purchasing > Creating a Requisition > Purchasing Goods Using a Requisition <i>tutorial for details</i> .
28.	Note: When the new requisition is finalized, Purchasing creates the Purchase Order (PO). The SPS SubAwards Team sends the subcontract with the PO number to the subrecipient.
29.	This requisition routes for approval at the department level based on the account number just like any e-Doc in UAccess Financials; however, the use of object codes 3340 and 3350 force the workflow to include SPS.
	when the subaward is initiated. The SPS SubAwards Team initiation packet to the requisition when it routes to their group for approval.
30.	You have successfully completed a Requisition for a subcontract.
	End of Procedure.

Amending a Purchase Order for a Subcontract

Procedure

After the subaward modification initiation documents have been provided to SPS SubAwards and a partially signed modification has been obtained, the SPS SubAwards Team will direct you to initiate a Purchase Order Amendment (POA).

Note: The POA should not be initiated until the SPS SubAwards Team has obtained a partially signed modification, as a pending POA in UAccess Financials will prevent invoice payments from being processed.

Note: If the SPS SubAwards Team has not directed you to initiate the POA, please refer to the Research Gateway (<u>http://rgw.arizona.edu/administration/subawards/subaward-management</u>) website for instructions on amending a subaward and the list of required documents prior to initiating the POA.

Step	Action
1.	In this tutorial you will learn how to amend a purchase order to pay a subcontractor.
	Please make sure that you have reviewed the <i>Purchasing</i> > <i>Changing</i> <i>Purchase Orders</i> > <i>Amending a Purchase Order</i> tutorial before beginning this one.
2.	This tutorial focuses on the specific steps you must follow to amend a Purchase Order to pay a subcontractor.
	To create a Purchase Order Amendment, you must first search for the original Purchase Order.
	From the Main Menu go to Custom Searches > Purchase Orders. In this tutorial a Purchase Order e-doc has been located and opened for you.
	For details on how to find the Purchase Order refer to the <i>Purchasing</i> > <i>Changing Purchase Orders</i> > <i>Searching for a Purchase Order</i> tutorial before beginning this one.
3.	Remember only purchase orders with a FINAL doc status and an Open purchase order status can be amended.
4.	Create the Purchase Order Amendment by clicking the amend button.
	Click the amend button.

Are you sure you want to Amend this Purchase Order?
Please enter the reason below: Y yes no

Step	Action
5.	The confirmation pop-up window requires you to explain why you are creating this amendment.
	Sponsored Projects Services (<u>http://rgw.arizona.edu/services/sponsored-projects-services</u>) (SPS) requires you use to indicate if there is a change in the duration dates of the subcontract and/or if there is any additional cost.
	Enter "new end date is 5/7/15, added cost is \$10,000" in the note field.

	Are you sure you want to Amend this Purcha	ase Order?
	 Please enter the reason below: 	
	new end date is 5/7/15, added cost is \$10,000	2
	yes no	*

Step	Action
6.	Click the yes button.
7.	You are required to add the new agreement information in the Items tab. Click the show button. Show
8.	Complete the information in the first row under the Add Item section. Do not deactivate or edit any existing items. Once the item is added, the system will add the appropriate encumbrance.
9.	When subcontracts are involved you must change the Item Type to SERVICE TAX EXEMPT . Click the Item Type drop-down list.

	SERVICE TAX EXEMPT
11.	Leave the Quantity, UOM, and Catalog # fields blank.
12.	Enter text in the Description field that indicates the subcontract changes.
	In this example new dates for the contract and the additional cost need to be entered.
	Enter "Extended from 5/7/14 to 5/7/15 plus an additional \$10,000" in the Description field.
13.	Enter the additional cost in the Unit Cost field. If there is no additional cost or if the cost is being reduced, enter zero.
	The Total Amount is calculated by the system.
	Note: Please refer to Appendix A for more information on changes in total cost.
	Enter "10,000" in the Unit Cost field.

20.	Note: When the PO Amendment is finalized, Purchasing modifies the PO. The SPS SubAwards Team sends the subcontract modification to the subrecipient.

Step	Action
21.	Once submitted, this purchase order amendment will follow the same approval path as the original subcontract requisition.
	Note : All modification initiation documents are provided to the SPS SubAwards Team when the subaward modification is initiated. The SPS SubAwards Team will attach the modification initiation packet to the POA when it routes to their group for approval.
22.	You have successfully amended a purchase order for a Subcontract.
	End of Procedure.

Appendix A: SubContract (SubAward) Item Tab Quick Reference

Requisitions:

- Item Lines: Enter any amount up to the initial \$25,000 in the first item line. Then use a second item line for any additional amount.
- Accounting Lines: Use 3350 until you reach \$25,000. Then use 3340 for any additional amount.

PO Amendments:

- Change in duration only:
 - Item Lines: Add new item line, enter new dates in description, and enter zero in Unit Cost.
 - Accounting Lines: Use O.C. 3350 if cost does not currently total more than \$25,000, other wise use O.C. 3340 for any amount over the initial \$25,000.
- Change in duration and cost:
 - Additional Cost:
 - Item Lines: Add new item line, enter new dates and added cost in description, and enter added cost in Unit Cost,
 - Accounting Lines: Use O.C. 3350 for any amount of the additional cost does not bring total to more than \$25,000. Once this total is reached a new item line must be added for the remaining balance and O.C. 3340 must be used in the accounting line.
 - Reduction in Cost:
 - Item Lines: Add new item line, enter new dates with new total cost in description (the department should note that the total amount encumbered should be lowered by \$\$.), and enter Zero in Unit Cost field.
 - Accounting Lines: Use O.C. 3350 if total cost (after reduction) is not more than \$25,000, other wise use O.C. 3340.

In all cases departments are responsible for initiating the original Requisition and all Purchase Order Amendments (POA). Departments must use object code 3350 for the initial \$25,000, then use 3340 for any amount over \$25,000.

In all cases for Purchase Order Amendments, SPS amends the existing subcontract and Purchasing adjusts the encumbrance.
